Any item in the CO should be completed in the English language. The CO should be no longer valid, if it is modified after the issuance.

If the space of the form of the CO is insufficient to specify the necessary particulars for identifying the goods and other related information, the exporter or its authorized agent may provide the information using additional Attachment 1. In that case, every additional Attachment 1 of the Implementing Regulations should be completed legibly and in full by the exporter or its authorized agent and certified by the competent governmental authority or its designee.

Box 2: State the full name, address and country of the importer. As defined in subparagraph (g) of Article 21 of the Agreement, "importer" means a natural or juridical person who imports a good into the importing Party (e.g. the consignee who declares the importation).
